Grade 3 question bank

Name _____ Date _____

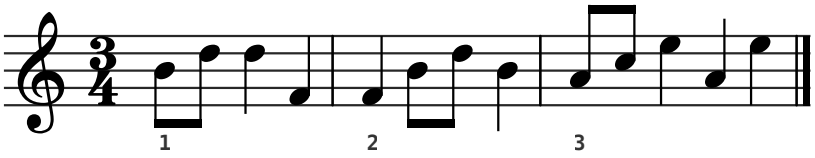

Extra practice by topic, 74 questions. Use a section after the matching day, or the strands that are red on the progress chart.

Rhythm and time signatures

1. Which time signature has four crotchet beats in each bar?

A. 3/4 B. 3/2 C. 4/4 D. 3/8

2. One bar has the wrong number of beats for 3/4. Which bar?

A. Bar 1 B. Bar 2 C. Bar 3

3. A triplet of quavers (marked 3) takes the time of how many ordinary quavers?

Triplet

A. 5 B. 2 C. 3 D. 4

4. The first bar line is missing. Where does it go?

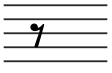

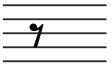

A. After note 3 B. After note 5 C. After note 4

5. Which note lasts as long as two crotchets?

A.  B.  C.  D. 

6. Which rest finishes this bar?

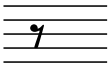

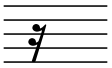

A.  B.  C.  D. 

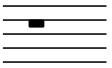

7. Which rest finishes this bar?

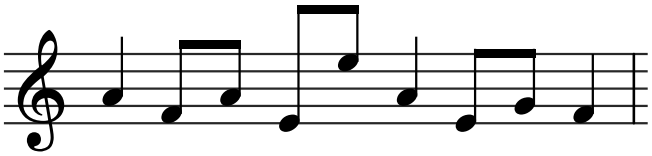

A. 

B. 

C. 

D. 

8. Which time signature fits this bar?

A. 4/4

B. 3/2

C. 3/8

D. 2/2

9. How many demisemiquavers make one minim?

A. 18

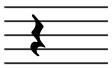

B. 17

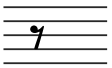

C. 16

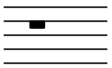

D. 15

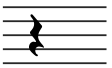

10. Which rest finishes this bar?

A. 

B. 

C. 

D. 

11. How many semiquavers make one dotted minim?

A. 13

B. 12

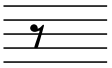

C. 24

D. 14

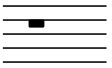

12. Which rest finishes this bar?

A. 

B. 

C. 

D. 

Pitch and clefs

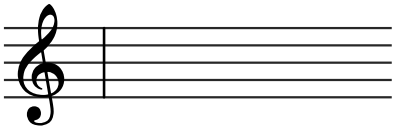

13. Which note sounds highest? (Treble clef)

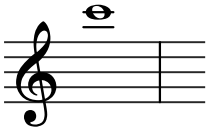

A. Note 1 B. Note 2 C. Note 3

14. Write the tonic (key note) of E♭ major. (Treble clef · any octave)

Write your answer on this stave:

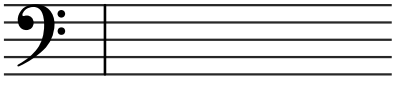

15. Name this note. (Treble clef)

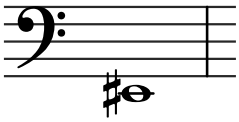

Write your answer: _____

16. Write A on the stave. (Bass clef · any octave)

Write your answer on this stave:

17. Name this note. (Bass clef)

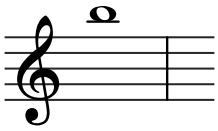

Write your answer: _____

18. Here is the start of B melodic minor, going down. Write the next note. (Bass clef · no key signature, so use an accidental if it needs one)

Write your answer on this stave:

19. Name this note. (Treble clef)

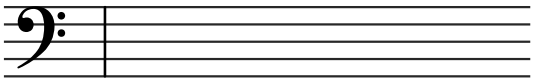

Write your answer: _____

20. Write this tune one octave lower in bass clef. (Given in treble clef)

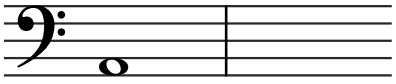

Write your answer on this stave:

21. Write a note a 3rd above this note. (Bass clef · letter name only)

Write your answer on this stave:

22. What is note 5? (Treble clef)

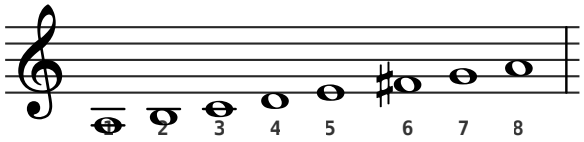

A. C♯ B. C

Keys and scales

23. Which pair of keys has 4 flats?

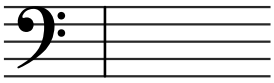

A. F major and A♭ minor B. A♭ major and A♭ minor C. A♭ major and F minor D. A♭ major and D minor

24. One note in this A melodic minor scale is wrong. Which number is it? (Going up)

Write your answer: _____

25. Which major key has this key signature? (Bass clef)

A. E major B. C major C. B♭ major D. F major

26. One note in this F major scale is wrong. Which number is it?

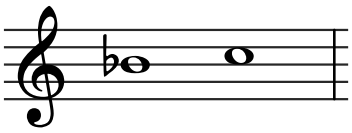

Write your answer: _____

27. Which major key has this key signature? (Bass clef)

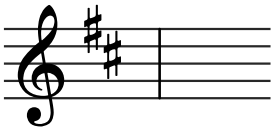

A. C major B. E♭ major C. B♭ major D. F major

28. Is this a tone or a semitone? (B♭ to C)

A. Tone B. Semitone

29. Which major key has this key signature? (Treble clef)

A. A major B. D major C. F major D. G major

30. One note in this A♭ major scale is wrong. Which number is it?

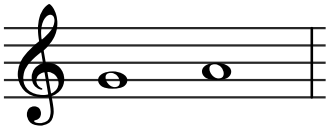

Write your answer: _____

31. Which minor key has this key signature? (Bass clef)

A. E minor B. F minor C. C minor D. G minor

32. Is this a tone or a semitone? (G to A)

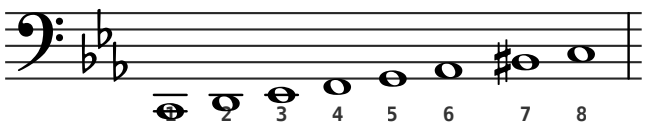

A. Tone B. Semitone

33. Which minor key has this key signature? (Treble clef)

A. C minor B. C♯ minor C. G minor D. F♯ minor

34. One note in this C harmonic minor scale is wrong. Which number is it?

Write your answer: _____

Intervals

35. Which note is a major 7th above A?

A. G𝄪 B. A♯ C. G♯ D. F♯

36. Which note is a perfect 5th above D♯?

A. A B. A♯ C. B♯ D. G♯

37. Name this interval. (A up to C♯)

A. major 2nd B. minor 3rd C. major 3rd D. perfect 4th

38. Name this interval. (E up to F)

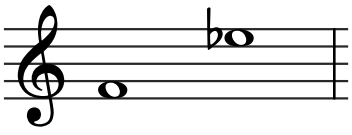

A. major 2nd B. minor 3rd C. minor 2nd

39. Name this interval. (A up to F♯)

A. perfect 5th B. minor 6th C. major 6th D. major 7th

40. Name this interval. (F up to E♭)

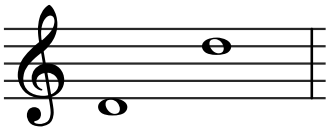

A. perfect octave B. minor 6th C. minor 7th D. major 7th

41. Which note is a perfect 4th above E?

A. B B. A♭ C. G D. A

42. Name this interval. (D up to D)

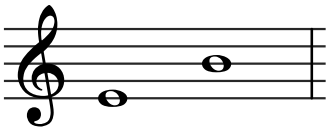

A. perfect octave B. major 9th C. major 7th

43. Name this interval. (C up to D♭)

A. major 2nd B. minor 2nd C. minor 3rd

44. Name this interval. (E up to B)

A. perfect 4th B. major 6th C. perfect 5th

Chords and cadences

45. Spell the tonic triad of A major.

A. D–F♯–A B. A–C♯–E C. E–G♯–B D. C–E–G

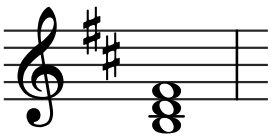

46. Spell the tonic triad of A♭ major.

A. A♭–C–E♭ B. D–F♯–A C. E♭–G–B♭ D. F–A–C

47. Spell the tonic triad of F♯ minor.

A. F♯–A–C♯ B. E–G–B C. F♯–A♯–C♯ D. C–E♭–G

48. This is a tonic triad. Which key is it in?

A. C♯ minor B. B major C. G minor D. B minor

49. What is the relative major?

D minor

A. F major B. G major C. E♭ major D. A♭ major

50. Spell the tonic triad of F major.

A. E♭–G–B♭ B. B♭–D–F C. F–A–C D. F–A♭–C

51. Spell the tonic triad of G major.

A. A♭–C–E♭ B. F–A–C C. D–F♯–A D. G–B–D

52. What is the relative major?

F minor

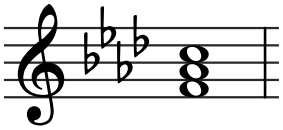

A. C major B. F major C. B♭ major D. A♭ major

53. What is the relative major?

E minor

A. D major B. E major C. G major D. A♭ major

54. This is a tonic triad. Which key is it in?

A. E minor B. F minor C. A minor D. D minor

Terms, signs and instruments

55. What does this mean?

lento

A. with B. slow C. gracefully D. boldly

56. What does this sign mean?

A. diminuendo: gradually getting quieter B. pause: hold the note longer C. mezzo forte: moderately loud D. accent: play it strongly

57. What does this mean?

tempo primo

A. at the first speed B. very loud C. loud, then immediately quiet D. more

58. Which is louder: p or f?

p or f

A. p B. f

59. Which term means "lightly"?

Find the term

A. lento B. cantabile C. dolce D. leggiero

60. Which picture shows a 8va (ottava)?

A.  B. 

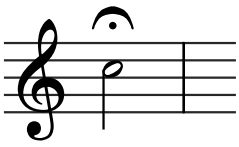

C.  D. 

61. Which term means "always"?

Find the term

A. sempre B. con moto C. sforzando (sf) D. allegro

62. What does this sign mean?

A. accent: play it strongly B. staccato: short and detached C. pause: hold the note longer D. pianissimo: very quiet

63. Which term means "lively, quick"?

Find the term

A. pesante B. vivace C. ma non troppo D. crescendo (cresc.)

64. Which is louder: p or mp?

p or mp

A. mp B. p

65. What does this mean?

alla marcia

A. back to the original speed B. but not too much C. as fast as possible D. in the style of a march

66. What does this sign mean?

A. hold the note for its full length B. gradually getting quieter C. short and detached D. loud, then quiet straight away

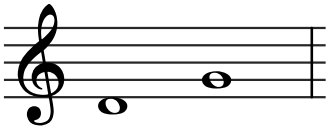

Mark my answer

67. What does this mean? Aisha answered "gradually getting faster". Is that right?

più

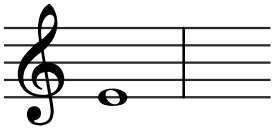

A. Yes, that's right B. No, it's more C. No, it's at the first speed D. No, it's suddenly

68. Name this interval. Zoe answered "perfect 4th". Is that right? (D up to G)

A. Yes, that's right B. No, it's a major 3rd C. No, it's a perfect 5th

69. In C major, which degree of the scale is this note? Sam answered "3". Is that right?

A. Yes, that's right B. No, it's 5 C. No, it's 4 D. No, it's 7

70. What does this mean? Aisha answered "emphatic, accented". Is that right?

marcato

A. Yes, that's right B. No, it's in the style of a march C. No, it's back to the original speed D. No, it's fairly quick

71. Which term means "quiet"? Ben answered "piano (p)". Is that right?

Find the term

A. No, it's espressivo B. No, it's ma C. No, it's leggiero D. Yes, that's right

72. What does this mean? Aisha answered "loud". Is that right?

sforzando (sf)

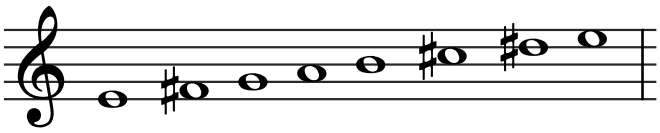

A. No, it's forced, with a sudden accent B. No, it's but not too much C. No, it's playful, merry D. Yes, that's right

73. Name this interval. Mei answered "perfect 4th". Is that right? (D up to F♯)

A. No, it's a minor 3rd B. Yes, that's right C. No, it's a major 2nd D. No, it's a major 3rd

74. Which scale is this? Leo answered "E major". Is that right? (Going up)

A. Yes, that's right B. No, it's E melodic minor C. No, it's E harmonic minor D. No, it's A melodic minor

ANSWERS (FOR MUM)

Rhythm and time signatures

1. **C: 4/4**. Simple time: the top number is the number of beats (4) and the bottom number names the beat (4).
2. **C: Bar 3**. Each bar of 3/4 should hold 3 crotchet beats. Bar 3 has one beat too many.
3. **B: 2**. Three quavers in a triplet take the time of two.
4. **C: After note 4**. A bar of 6/8 holds two dotted-crotchet beats (6 quavers). Notes 1 to 4 fill it exactly, so the bar line goes after note 4.
5. **D: minim**. Two crotchets last 2 beats, the same as a minim.
6. **D: quaver rest**. A bar of 3/8 holds 3 quavers. The notes leave a gap of one quaver, so a quaver rest finishes it.
7. **B: quaver rest**. A bar of 3/8 holds 3 quavers. The notes leave a gap of one quaver, so a quaver rest finishes it.
8. **B: 3/2**. The notes add up to 3 minim beats, so 3/2 fits.
9. **C: 16**. A minim lasts 2 crotchet beats. A demisemiquaver lasts ⅛. 2 ÷ ⅛ = 16.
10. **B: quaver rest**. A bar of 6/8 holds 2 dotted crotchet beats. The notes leave a gap of one quaver, so a quaver rest finishes it.
11. **B: 12**. A dotted minim lasts 3 crotchet beats. A semiquaver lasts ¼. 3 ÷ ¼ = 12.
12. **A: minim rest**. A bar of 4/4 holds 4 crotchet beats. The notes leave a gap of one minim, so a minim rest finishes it.

Pitch and clefs

13. **B: Note 2**. The notes are F, G♯, E♯. Note 2 (G♯) is highest on the stave, and a sharp or flat only moves a note by a semitone, never past the next line or space.
14. **E♭**. The tonic of E♭ major is E♭, with a flat.
15. **C**. C. It's the landmark C: two ledger lines above.
16. **A**. A can go in more than one octave; any A was fine.
17. **E♯**. E♯. Landmark: C, two ledger lines below. This note is 2 steps above it: C, D, E. The sharp makes it E♯.
18. **E (bass clef, 5 steps below middle C)**. Note 4 of B melodic minor is E.
19. **B**. B. Landmark: C, two ledger lines above. This note is 1 step below it: C, B.
20. **F, A, G (bass clef)**. The notes are F, A, G, each moved down an octave.
21. **C (bass clef, 7 steps below middle C)**. Count 3 letter names up from A, counting both notes: A B C. The answer is C.
22. **B: C**. The sharp on note 2 only lasts until the bar line. Note 5 is in a new bar, so it's back to plain C.

Keys and scales

23. **C: A♭ major and F minor**. A major key and its relative minor share a key signature. The relative minor starts on degree 6 of the major scale (3 semitones below the tonic): A♭ major → F minor.
24. **7**. Note 7 should be G♯, not G. Melodic minor raises the 6th and 7th going up.
25. **B: C major**. No sharps or flats.
26. **5**. Note 5 should be C, not C♯. Major scales go tone, tone, semitone, tone, tone, tone, semitone.
27. **B: E♭ major**. The second-to-last flat is E♭, so E♭ major.

28. **A: Tone**. B♭ to C is 2 semitones, so it's a tone.
29. **B: D major**. The last sharp is C♯. One step up from it is D, so D major.
30. **3**. Note 3 should be C, not C♭. Major scales go tone, tone, semitone, tone, tone, tone, semitone.
31. **C: C minor**. The second-to-last flat is E♭, so E♭ major. Its relative minor, on degree 6, is C minor.
32. **A: Tone**. G to A is 2 semitones, so it's a tone.
33. **C: G minor**. The second-to-last flat is B♭, so B♭ major. Its relative minor, on degree 6, is G minor.
34. **7**. Note 7 should be B, not B♯. Harmonic minor raises the 7th.

Intervals

35. **C: G♯**. Count 7 letters up from A to get G. A major 7th is 11 semitones, so it's G♯.
36. **B: A♯**. Count 5 letters up from D♯ to get A. A perfect 5th is 7 semitones, so it's A♯.
37. **C: major 3rd**. Count the letters A B C: that's a 3rd. 4 semitones, so it's a major 3rd.
38. **C: minor 2nd**. Count the letters E F: that's a 2nd. 1 semitones, so it's a minor 2nd.
39. **C: major 6th**. Count the letters A B C D E F: that's a 6th. 9 semitones, so it's a major 6th.
40. **C: minor 7th**. Count the letters F G A B C D E: that's a 7th. 10 semitones, so it's a minor 7th.
41. **D: A**. Count 4 letters up from E to get A. A perfect 4th is 5 semitones, so it's A.
42. **A: perfect octave**. Count the letters D E F G A B C D: that's an octave. 12 semitones, so it's a perfect octave.
43. **B: minor 2nd**. Count the letters C D: that's a 2nd. 1 semitones, so it's a minor 2nd.
44. **C: perfect 5th**. Count the letters E F G A B: that's a 5th. 7 semitones, so it's a perfect 5th.

Chords and cadences

45. **B: A–C♯–E**. Notes 1, 3 and 5 of A major: A–C♯–E.
46. **A: A♭–C–E♭**. Notes 1, 3 and 5 of A♭ major: A♭–C–E♭.
47. **A: F♯–A–C♯**. Notes 1, 3 and 5 of F♯ minor: F♯–A–C♯.
48. **D: B minor**. The bottom note is the tonic, B. With this key signature, that makes it the tonic triad of B minor.
49. **A: F major**. The relative major starts on note 3 of the minor scale: F major.
50. **C: F–A–C**. Notes 1, 3 and 5 of F major: F–A–C.
51. **D: G–B–D**. Notes 1, 3 and 5 of G major: G–B–D.
52. **D: A♭ major**. The relative major starts on note 3 of the minor scale: A♭ major.
53. **C: G major**. The relative major starts on note 3 of the minor scale: G major.
54. **B: F minor**. The bottom note is the tonic, F. With this key signature, that makes it the tonic triad of F minor.

Terms, signs and instruments

55. **B: slow**. lento is Italian for "slow".
56. **D: accent: play it strongly**. It means accent: play it strongly.
57. **A: at the first speed**. tempo primo is Italian for "at the first speed".
58. **B: f**. p means quiet and f means loud, so f is louder.
59. **D: leggiero**. leggiero is Italian for "lightly".
60. **B: 8va (ottava)**. 8va (ottava) means play an octave higher than written.
61. **A: sempre**. sempre is Italian for "always".

62. **C: pause: hold the note longer**. It means pause: hold the note longer.
63. **B: vivace**. vivace is Italian for "lively, quick".
64. **A: mp**. p means quiet and mp means moderately quiet, so mp is louder.
65. **D: in the style of a march**. alla marcia is Italian for "in the style of a march".
66. **C: short and detached**. That's a staccato: short and detached.

Mark my answer

67. **B: No, it's more**. No: the answer is more. più is Italian for "more".
68. **A: Yes, that's right**. Yes. Count the letters D E F G: that's a 4th. 5 semitones, so it's a perfect 4th.
69. **A: Yes, that's right**. Yes. Count up from C: C, D, E. So E is degree 3.
70. **A: Yes, that's right**. Yes. marcato is Italian for "emphatic, accented".
71. **D: Yes, that's right**. Yes. piano (p) is Italian for "quiet".
72. **A: No, it's forced, with a sudden accent**. No: the answer is forced, with a sudden accent. sforzando (sf) is Italian for "forced, with a sudden accent".
73. **D: No, it's a major 3rd**. No: the answer is major 3rd. Count the letters D E F: that's a 3rd. 4 semitones, so it's a major 3rd.
74. **B: No, it's E melodic minor**. No: the answer is E melodic minor. It starts and ends on E. The 6th and 7th are raised going up, so it's melodic minor.

Grade 4 question bank

Name _____ Date _____

Extra practice by topic, 74 questions. Use a section after the matching day, or the strands that are red on the progress chart.

Rhythm and time signatures

1. How many beats in a bar, and what is the beat?

A. 3 dotted quavers B. 9 quavers C. 9 crotchets D. 3 dotted minims

2. The first bar line is missing. Where does it go?

A. After note 2 B. After note 4 C. After note 3

3. A dotted minim tied to a crotchet. How many crotchet beats is that?

Ties

A. 4 B. 4½ C. 5 D. 8

4. Which time signature fits this bar?

A. 3/8 B. 6/8 C. 2/4 D. 2/2

5. How many demisemiquavers make one minim?

A. 17 B. 15 C. 16 D. 8

6. One bar has the wrong number of beats for 3/4. Which bar?

A. Bar 1 B. Bar 2 C. Bar 3

7. How many quavers make one dotted crotchet?

A. 4 B. 6 C. 1 D. 3

8. A melody in 6/8 has every beat split into a duplet. Without the duplets, which time signature would sound the same?

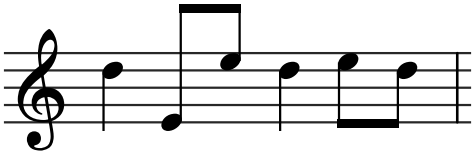

A. 2/4 B. 4/4 C. 2/2 D. 3/8

9. What kind of time signature is this?

A. simple triple B. compound quadruple C. compound triple D. simple quadruple

10. Which time signature fits this bar?

A. 9/8 B. 2/2 C. 6/8 D. 3/2

11. How many beats in a bar, and what is the beat?

A. 3 semiquavers B. 3 dotted semiquavers C. 3 quavers D. 3 demisemiquavers

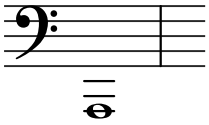

12. This bar is in 6/8. If every note is rewritten at double the value, what is the new time signature?

A. 12/4 B. 6/8 C. 6/4 D. 6/16

Pitch and clefs

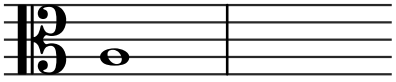

13. Name this note. (Bass clef)

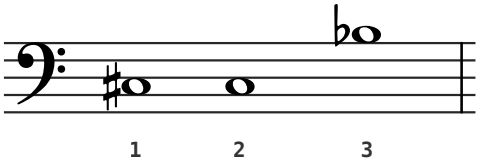

Write your answer: _____

14. Write a perfect 5th above this note. (Alto clef)

Write your answer on this stave:

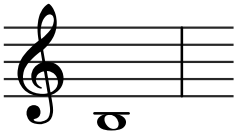

15. Which note sounds highest? (Bass clef)

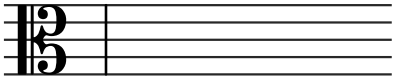

A. Note 1 B. Note 2 C. Note 3

16. Write this note at the same pitch in alto clef. (Given in treble clef)

Write your answer on this stave:

17. Name this note. (Bass clef)

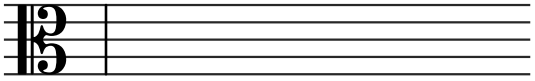

Write your answer: _____

18. Write this tune at the same pitch in alto clef. (Given in treble clef)

Write your answer on this stave:

19. What is note 3? (Treble clef)

A. G♭ B. G C. G♯

20. Finish the scale of F major, going up: write notes 5, 6, 7 and 8. (Alto clef · no key signature, so use accidentals)

Write your answer on this stave:

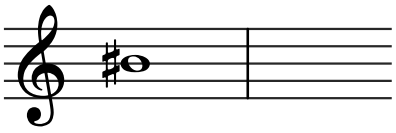

21. Name this note. (Bass clef)

Write your answer: _____

22. Write a minor 7th above this note. (Treble clef)

Write your answer on this stave:

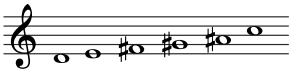

Keys and scales

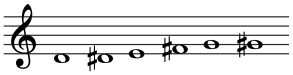

23. Which minor key has this key signature? (Treble clef)

A. B minor B. G♯ minor C. B♭ minor D. F minor

24. Which of these is part of a chromatic scale?

A. 

B. 

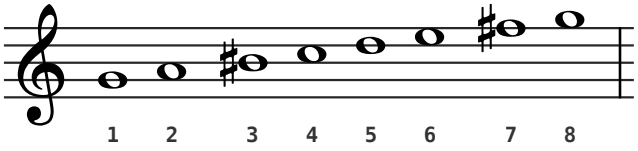

C. 

25. Which major key has this key signature? (Treble clef)

A. C major B. B♭ major C. E major D. D major

26. One note in this G major scale is wrong. Which number is it?

Write your answer: _____

27. Which minor key has 5 sharps?

A. G♯ minor B. B minor C. F♯ minor D. A minor

28. Which note sounds the same as B♯?

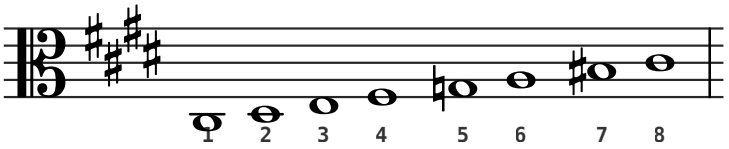

A. C♯ B. B♭ C. A♯ D. C

29. Which major key has this key signature? (Treble clef)

A. A major B. D major C. A♭ major D. C major

30. One note in this C♯ harmonic minor scale is wrong. Which number is it?

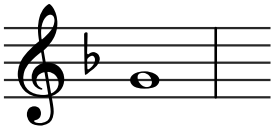

Write your answer: _____

31. Which major key has this key signature? (Treble clef)

A. D♭ major B. B major C. G major D. C major

32. In F major, which degree of the scale is this note?

Write your answer: _____

33. Which is the key signature of C♯ minor?

A.  B.  C.  D. 

34. Which scale is this?

A. D♭ major B. D♭ harmonic minor C. F major D. B♭ harmonic minor

Intervals

35. Which note is a major 6th above A♭?

A. F B. E C. F♯ D. F♭

36. Name this interval. (A up to B♯)

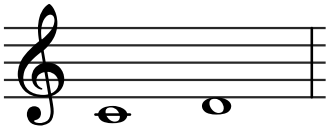

A. augmented 2nd B. augmented 3rd C. diminished 2nd D. minor 2nd

37. Name this interval. (F up to B♭)

A. diminished 4th B. augmented 4th C. perfect 4th D. perfect 5th

38. Name this interval. (C up to D)

A. major 3rd B. major 2nd C. diminished 2nd D. minor 2nd

39. Which note is a minor 6th above E♭?

A. C B. B♭ C. C♭ D. D♭

40. Name this interval. (D♭ up to C♭)

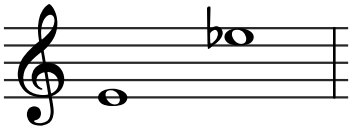

A. minor 7th B. minor 6th C. perfect octave D. diminished 7th

41. Which note is a major 3rd above D♭?

A. F B. G C. F♯ D. E

42. Name this interval. (E up to E♭)

A. diminished octave B. perfect octave C. augmented octave D. diminished 7th

43. How many semitones are in a minor 3rd?

A. 1 B. 3 C. 5 D. 2

44. How many semitones are in an augmented octave?

A. 11 B. 12 C. 13 D. 14

Chords and cadences

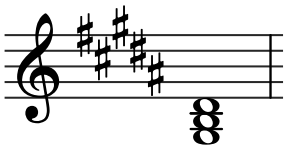

45. What is the technical name of degree 2?

A. tonic B. subdominant C. leading note D. supertonic

46. What is the 5th of chord V in D♭ major?

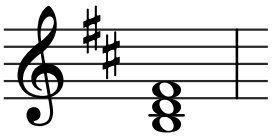

A. G♭ B. F C. E♭ D. A♭

47. This is a tonic triad. Which key is it in?

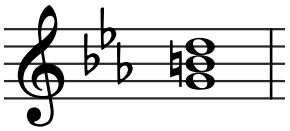

A. D minor B. G♯ major C. G♯ minor D. C♯ minor

48. This is a tonic triad. Which key is it in?

A. G minor B. B minor C. D minor D. G♯ minor

49. Name this chord in C minor.

A. I B. V C. IV

50. In A major, which chord has the notes D–F♯–A?

A. V B. I C. IV D. VI

51. What is the root of chord I in E major?

A. G♯ B. A C. E D. F♯

52. Spell the tonic triad of F major.

A. F–A–C B. G–B–D C. E–G♯–B D. E♭–G–B♭

53. In B major, which chord has the notes F♯–A♯–C♯?

A. VI B. IV C. I D. V

54. What is the dominant note of F♯ minor?

A. D B. G♯ C. C♯ D. B

Terms, signs and instruments

55. What does this mean?

alla breve

A. gradually getting faster B. a little C. two minim beats in a bar D. sweet

56. Which is louder: mp or p?

mp or p

A. p B. mp

57. Which is the lowest brass instrument?

Instruments

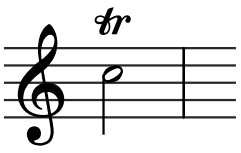

A. trombone B. trumpet C. French horn D. tuba

58. What does this mean?

misterioso

A. mysteriously B. held back C. moderately loud D. with vigour, lively

59. What is this ornament called?

A. upper mordent B. turn C. lower mordent D. trill

60. How does the timpani make its sound?

A. a bow or plucking B. being struck C. a single reed D. air blown across a hole

61. What does this mean?

vite

A. rather slow (less slow than largo) B. lovable, pleasant C. quick D. moderately quiet

62. Which picture shows a 8va (ottava)?

A. 

B. 

C. 

D. 

63. Which is the lowest string instrument in the orchestra?

Instruments

A. double bass B. cello C. violin D. viola

64. Which term means "passionately"?

Find the term

A. scherzando B. appassionato C. ma D. da capo al fine

65. Which is louder: f or mp?

f or mp

A. f B. mp

66. Which is the lowest voice?

Voices

A. tenor B. bass C. alto D. soprano

Mark my answer

67. What does this mean? Ravi answered "a little". Is that right?

diminuendo (dim.)

A. No, it's at a walking pace B. Yes, that's right C. No, it's simply D. No, it's gradually getting quieter

68. Which term means "at a walking pace"? Ben answered "molto". Is that right?

Find the term

A. No, it's andante B. Yes, that's right C. No, it's sempre D. No, it's prestissimo

69. How many sharps are in the key signature of A major? Zoe answered "2". Is that right?

A. No, it's 1 B. Yes, that's right C. No, it's 5 D. No, it's 3

70. How many demisemiquavers make one double-dotted quaver? Sam answered "7". Is that right?

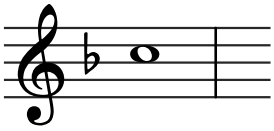

A. No, it's 6 B. No, it's 8 C. No, it's 3 D. Yes, that's right

71. A duplet of quavers (marked 2) takes the time of how many ordinary quavers? Hana answered "6". Is that right?

Duplet

A. No, it's 2 B. No, it's 4 C. Yes, that's right D. No, it's 3

72. In F major, which degree of the scale is this note? Zoe answered "5". Is that right?

A. No, it's 2 B. Yes, that's right C. No, it's 4 D. No, it's 3

73. What kind of time signature is this? Ben answered "compound quadruple". Is that right?

A. No, it's simple duple B. No, it's simple triple C. No, it's a compound duple D. Yes, that's right

74. What is the submediant of D minor? Zoe answered "F". Is that right?

A. Yes, that's right B. No, it's B♭ C. No, it's C♯ D. No, it's A

ANSWERS (FOR MUM)

Rhythm and time signatures

1. **D: 3 dotted minims**. 9/4 is compound: 9 crotchets grouped in threes make 3 dotted minims.
2. **C: After note 3**. A bar of 2/4 holds 2 crotchet beats. Notes 1 to 3 fill it exactly, so the bar line goes after note 3.
3. **A: 4**. A tie joins the two notes into one sound: 3 + 1 = 4 beats.
4. **D: 2/2**. The notes add up to 2 minim beats, so 2/2 fits.
5. **C: 16**. A minim lasts 2 crotchet beats. A demisemiquaver lasts ⅛. 2 ÷ ⅛ = 16.
6. **A: Bar 1**. Each bar of 3/4 should hold 3 crotchet beats. Bar 1 has one beat too few.
7. **D: 3**. A dotted crotchet lasts 1½ crotchet beats. A quaver lasts ½. 1½ ÷ ½ = 3.
8. **A: 2/4**. 6/8 has 2 dotted beats. Split in 2 instead of 3, they're plain crotchet beats: 2/4.
9. **A: simple triple**. Each beat splits in two, so it's simple, with 3 beats: triple.
10. **B: 2/2**. The notes add up to 2 minim beats, so 2/2 fits.
11. **A: 3 semiquavers**. 3/16 is simple: the 16 means a semiquaver beat, and there are 3 of them.
12. **C: 6/4**. The top number (how many beats) stays 6. Each quaver becomes a crotchet, so the bottom number changes from 8 to 4: 6/4.

Pitch and clefs

13. **A**. A. Landmark: C, two ledger lines below. This note is 2 steps below it: C, B, A.
14. **E (alto clef, 2 steps above middle C)**. Count 5 letter names up from A: the answer is E.
15. **C: Note 3**. The notes are C♯, C, B♭. Note 3 (B♭) is highest on the stave, and a sharp or flat only moves a note by a semitone, never past the next line or space.
16. **B (alto clef, 1 step below middle C)**. It's B, 1 step below middle C. In alto clef middle C is the middle line, so count from there.
17. **A♭**. A♭. It's the landmark A: the top line. The flat makes it A♭.
18. **C, E, D (alto clef)**. The notes are C, E, D, written at the same pitch.
19. **C: G♯**. The sharp on note 1 lasts for the rest of the bar, so note 3 is G♯ too.
20. **C, D, E, F (alto clef)**. Notes 5 to 8 of F major are C, D, E, F.
21. **B**. B. Landmark: C, the second space. This note is 1 step below it: C, B.
22. **A♯ (treble clef, 12 steps above middle C)**. Count 7 letter names up from B♯: the answer is A♯.

Keys and scales

23. **D: F minor**. The second-to-last flat is A♭, so A♭ major. Its relative minor, on degree 6, is F minor.
24. **C: only semitones**. A chromatic scale moves only in semitones, so every note is the very next key on the piano.
25. **C: E major**. The last sharp is D♯. One step up from it is E, so E major.
26. **3**. Note 3 should be B, not B♯. Major scales go tone, tone, semitone, tone, tone, tone, semitone.
27. **A: G♯ minor**. 5 sharps: F♯ C♯ G♯ D♯ A♯. The last sharp is A♯; one step up is B major, and its relative minor is G♯ minor.
28. **D: C**. B♯ and C are enharmonic equivalents: the same key on the piano, written with a different letter name.
29. **B: D major**. The last sharp is C♯. One step up from it is D, so D major.

30. **5**. Note 5 should be G♯, not G. Harmonic minor raises the 7th.
31. **C: G major**. The last sharp is F♯. One step up from it is G, so G major.
32. **2**. Count up from F: F, G. So G is degree 2, the supertonic.
33. **D: 4 sharps**. C♯ minor has 4 sharps. It shares its key signature with its relative major, E major.
34. **A: D♭ major**. It starts and ends on D♭. It follows tone, tone, semitone, tone, tone, tone, semitone, so it's major.

Intervals

35. **A: F**. Count 6 letters up from A♭ to get F. A major 6th is 9 semitones, so it's F.
36. **A: augmented 2nd**. Count the letters A B: that's a 2nd. 3 semitones, so it's an augmented 2nd.
37. **C: perfect 4th**. Count the letters F G A B: that's a 4th. 5 semitones, so it's a perfect 4th.
38. **B: major 2nd**. Count the letters C D: that's a 2nd. 2 semitones, so it's a major 2nd.
39. **C: C♭**. Count 6 letters up from E♭ to get C. A minor 6th is 8 semitones, so it's C♭.
40. **A: minor 7th**. Count the letters D E F G A B C: that's a 7th. 10 semitones, so it's a minor 7th.
41. **A: F**. Count 3 letters up from D♭ to get F. A major 3rd is 4 semitones, so it's F.
42. **A: diminished octave**. Count the letters E F G A B C D E: that's an octave. 11 semitones, so it's a diminished octave.
43. **B: 3**. A minor 3rd is 3 semitones: for example C up to E♭. Minor is one semitone less than major.
44. **C: 13**. An augmented octave is 13 semitones: for example C up to C♯. Augmented is one semitone more than perfect.

Chords and cadences

45. **D: supertonic**. Degree 2 is the supertonic.
46. **C: E♭**. Chord V in D♭ major is A♭–C–E♭: root A♭, 3rd C, 5th E♭.
47. **C: G♯ minor**. The bottom note is the tonic, G♯. With this key signature, that makes it the tonic triad of G♯ minor.
48. **B: B minor**. The bottom note is the tonic, B. With this key signature, that makes it the tonic triad of B minor.
49. **B: V**. The notes are G–B–D, built on degree 5, so it's V.
50. **C: IV**. D is degree 4 of A major, so the chord built on it is chord IV.
51. **C: E**. Chord I in E major is E–G♯–B: root E, 3rd G♯, 5th B.
52. **A: F–A–C**. Notes 1, 3 and 5 of F major: F–A–C.
53. **D: V**. F♯ is degree 5 of B major, so the chord built on it is chord V.
54. **C: C♯**. The dominant is degree 5: C♯.

Terms, signs and instruments

55. **C: two minim beats in a bar**. alla breve is Italian for "two minim beats in a bar".
56. **B: mp**. mp means moderately quiet and p means quiet, so mp is louder.
57. **D: tuba**. The tuba is the biggest brass instrument, so it plays the lowest notes.
58. **A: mysteriously**. misterioso is Italian for "mysteriously".
59. **D: trill**. That sign is a trill.
60. **B: being struck**. The timpani makes its sound with being struck.
61. **C: quick**. vite is French for "quick".

62. **B: 8va (ottava)**. 8va (ottava) means play an octave higher than written.
63. **A: double bass**. The double bass is the biggest, so it's the lowest.
64. **B: appassionato**. appassionato is Italian for "passionately".
65. **A: f**. f means loud and mp means moderately quiet, so f is louder.
66. **B: bass**. From high to low: soprano, alto, tenor, bass. Soprano and alto are usually women's and children's voices; tenor and bass are men's.

Mark my answer

67. **D: No, it's gradually getting quieter**. No: the answer is gradually getting quieter. diminuendo (dim.) is Italian for "gradually getting quieter".
68. **A: No, it's andante**. No: the answer is andante. andante is Italian for "at a walking pace".
69. **D: No, it's 3**. No: the answer is 3. A major has 3 sharps: F♯, C♯, G♯.
70. **D: Yes, that's right**. Yes. A double-dotted quaver lasts ⅞ crotchet beats. A demisemiquaver lasts ⅛. ⅞ ÷ ⅛ = 7. The second dot adds half of the first dot.
71. **D: No, it's 3**. No: the answer is 3. A duplet fits two quavers into the time of three, in compound time.
72. **B: Yes, that's right**. Yes. Count up from F: F, G, A, B♭, C. So C is degree 5, the dominant.
73. **B: No, it's simple triple**. No: the answer is simple triple. Each beat splits in two, so it's simple, with 3 beats: triple.
74. **B: No, it's B♭**. No: the answer is B♭. The submediant is degree 6. In D minor that's B♭.

Grade 5 question bank

Name _____ Date _____

Extra practice by topic, 82 questions. Use a section after the matching day, or the strands that are red on the progress chart.

Rhythm and time signatures

1. Which time signature has four dotted-quaver beats in each bar?

A. 2/2 B. 6/4 C. 12/16 D. 2/4

2. A melody in 3/8 has every beat split into a triplet of semiquavers. Without the triplets, which time signature would sound the same?

A. 9/16 B. 6/4 C. 6/8 D. 9/8

3. A crotchet tied to a crotchet. How many crotchet beats is that?

Ties

A. 2½ B. 1 C. 4 D. 2

4. A melody in 9/16 has every beat split into a duplet. Without the duplets, which time signature would sound the same?

A. 2/2 B. 2/4 C. 3/16 D. 3/8

5. A minim tied to a crotchet. How many crotchet beats is that?

Ties

A. 2 B. 6 C. 3 D. 4

6. One bar has the wrong number of beats for 3/4. Which bar?

A. Bar 1 B. Bar 2 C. Bar 3

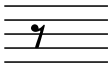

7. What kind of time signature is this?

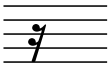

A. compound quadruple B. simple quadruple C. irregular D. compound duple

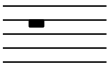

8. Which rest finishes this bar?

A. 

B. 

C. 

D. 

9. How many beats in a bar, and what is the beat?

A. 2 quavers B. 2 dotted quavers C. 2 dotted semiquavers D. 6 demisemiquavers

10. One bar has the wrong number of beats for 4/4. Which bar?

A. Bar 1 B. Bar 2 C. Bar 3

11. Which bar is grouped correctly for 9/8?

A. 

B. 

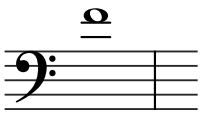

12. What kind of time signature is this?

A. simple triple B. irregular C. compound quadruple D. compound duple

Pitch and clefs

13. Which is the same note, written in treble clef? (Bass clef)

A. 

B. 

C. 

D. 

14. Finish the scale of F major, going up: write notes 5, 6, 7 and 8. (Treble clef · no key signature, so use accidentals)

Write your answer on this stave:

15. Name this note. (Treble clef)

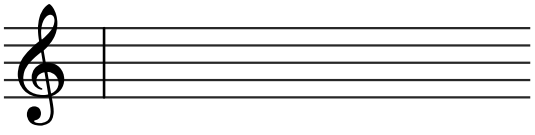

Write your answer: _____

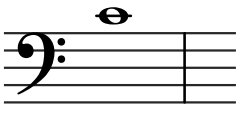

16. This tune is written for clarinet in B♭. Write the 4 notes that actually sound (concert pitch). (Treble clef · use accidentals)

Write your answer on this stave:

17. Name this note. (Bass clef)

Write your answer: _____

18. Finish the scale of E major, going up: write notes 5, 6, 7 and 8. (Tenor clef · no key signature, so use accidentals)

Write your answer on this stave:

19. Is this note above, below or at middle C? (Alto clef)

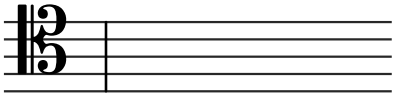

A. Above middle C B. Below middle C C. It is middle C

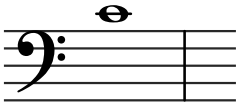

20. Write this note at the same pitch in tenor clef. (Given in bass clef)

Write your answer on this stave:

21. Which is the same note, written in treble clef? (Bass clef)

A. 

B. 

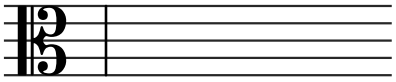

C. 

D. 

22. Write this note at the same pitch in alto clef. (Given in bass clef)

Write your answer on this stave:

Keys and scales

23. Which is the key signature of B major?

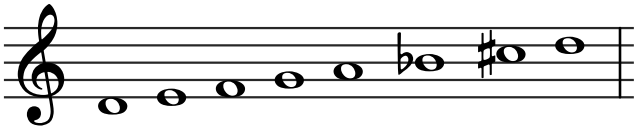

A. 

B. 

C. 

D. 

24. Which scale is this?

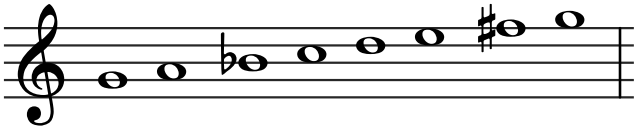

A. D major B. C♯ harmonic minor C. D harmonic minor D. D melodic minor

25. How many sharps are in the key signature of E minor?

Write your answer: _____

26. Which scale is this? (Going up)

A. A melodic minor B. G harmonic minor C. G major D. G melodic minor

27. How many sharps are in the key signature of G major?

Write your answer: _____

28. Which of these is part of a chromatic scale?

A. 

B. 

C. 

29. Which pair of keys has 3 flats?

A. E♭ major and E♭ minor B. E♭ major and B minor C. C major and E♭ minor D. E♭ major and C minor

30. In B major, which degree of the scale is this note?

Write your answer: _____

31. Which major key has this key signature? (Bass clef)

A. E♭ major B. B♭ major C. A major D. C major

32. In A major, which degree of the scale is this note?

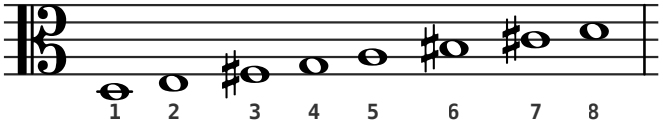

Write your answer: _____

33. How many sharps are in the key signature of F♯ minor?

Write your answer: _____

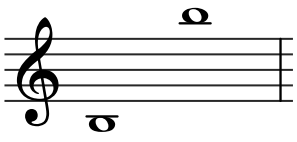

34. One note in this D major scale is wrong. Which number is it?

Write your answer: _____

Intervals

35. Name this interval. (B up to B)

A. perfect 15th B. major 14th C. diminished 15th D. augmented 15th

36. Which note is a diminished 4th above A?

A. D𝄫 B. D C. E♭ D. D♭

37. How many semitones are in an augmented 5th?

A. 8 B. 10 C. 6 D. 7

38. Name this interval. (G♯ up to G♯)

A. augmented octave B. perfect octave C. diminished octave D. major 9th

39. Which note is a major 2nd above A♯?

A. B B. A♯ C. B𝄪 D. B♯

40. Name this interval. (B up to E♯)

A. diminished 11th B. augmented 12th C. augmented 11th D. augmented 10th

41. Name this interval. (C♯ up to F♯)

A. augmented 4th B. perfect 5th C. perfect 4th D. major 3rd

42. Name this interval. (C♭ up to F𝄫)

A. diminished 5th B. augmented 4th C. perfect 4th D. diminished 4th

43. Name this interval. (F♯ up to G)

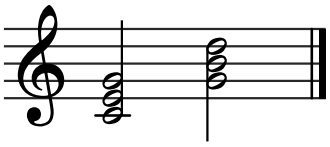

A. augmented 2nd B. minor 2nd C. diminished 2nd D. minor 3rd

44. Which note is a major 6th above F♭?

A. D𝄫 B. D C. D♭ D. E♭

Chords and cadences

45. These are the last two chords of a piece in C major. Which cadence is it?

A. plagal B. imperfect C. perfect

46. In C major, which chord has the notes D–F–A?

A. V B. II C. I D. IV

47. This is a tonic triad. Which key is it in?

A. C major B. B major C. G♭ major D. G major

48. Spell the tonic triad of G♯ minor.

A. C♯–E–G♯ B. G♯–B–D♯ C. E♭–G♭–B♭ D. G♯–B♯–D♯

49. Name this chord in C♯ minor. Use the numeral and a, b or c.

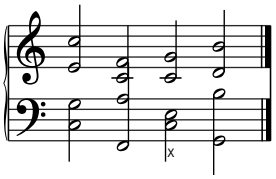

A. IIb B. IVa C. Ic D. Ia

50. Which note is in the bass of IIb in C♯ minor?

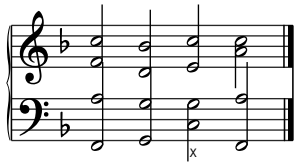

A. C♯ B. F♯ C. D♯ D. A

51. This phrase is in C major, for four voices. Name the chord marked X.

A. I B. V C. IV D. II

52. This phrase is in F major, for four voices. Name the chord marked X.

A. V B. IV C. II D. I

53. This phrase is in D major, for four voices. Name the chord marked X.

A. II B. IV C. V D. I

54. These are the last two melody notes of a phrase in G major. Which chords make a plagal cadence?

A. IV–V B. I–V C. IV–I D. V–I

Terms, signs and instruments

55. What does this mean?

a niente

A. quiet B. gradually getting quieter C. dying away to nothing D. held

56. What does this sign mean?

A. hold the note longer than written B. play the music between them again C. loud, then quiet straight away D. join the two notes into one long sound

57. Which family does the double bass belong to?

A. percussion B. strings C. woodwind D. brass

58. Which French word means "slow"?

Find the term

A. semplice B. lent C. scherzando D. modéré

59. What is this ornament called?

A. turn B. lower mordent C. trill D. upper mordent

60. Which instrument has a slide?

Instruments

A. tuba B. French horn C. trumpet D. trombone

61. Which term means "restless, worried"?

Find the term

A. agitato B. stringendo C. alla breve D. douce

62. What does this sign mean?

A. gradually getting quieter B. gradually getting louder C. the note, the note above, the note again, quickly D. short and detached

63. Which of these does the flute NOT need to make a sound?

Instruments

A. air B. keys to change notes C. a reed D. a player

64. What does this mean?

appassionato

A. not B. too much C. moderately loud D. passionately

65. What is this ornament called?

A. lower mordent B. turn C. trill D. upper mordent

66. How does the trombone make its sound?

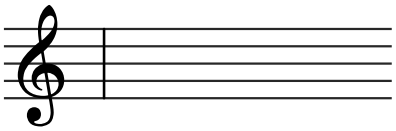

A. buzzing lips B. a bow or plucking C. a single reed D. air blown across a hole

Transposing

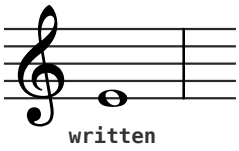

67. This is written for clarinet in A. Write the note that actually sounds. (Treble clef, concert pitch · use an accidental if it needs one)

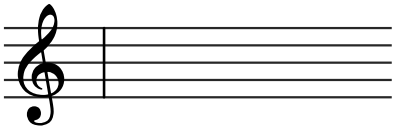

Write your answer on this stave:

68. This is written for horn in F. Write the note that actually sounds. (Treble clef, concert pitch · use an accidental if it needs one)

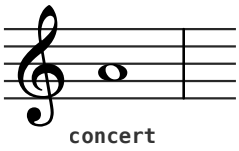

Write your answer on this stave:

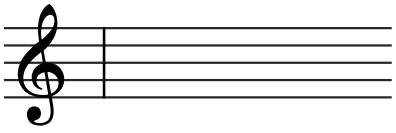

69. Music for clarinet in B♭ is written in C major. Which key does it sound in?

A. D♭ major B. E♭ major C. B♭ major D. C major

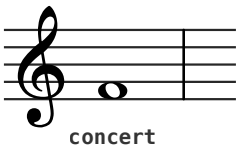

70. This note is at concert pitch. Write it for clarinet in A. (Treble clef · use an accidental if it needs one)

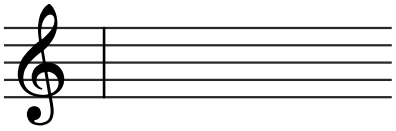

Write your answer on this stave:

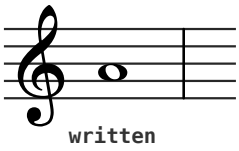

71. This note is at concert pitch. Write it for clarinet in B♭. (Treble clef · use an accidental if it needs one)

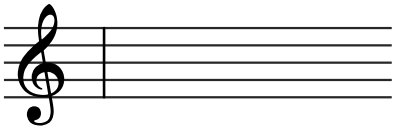

Write your answer on this stave:

72. This is written for horn in F. Write the note that actually sounds. (Treble clef, concert pitch · use an accidental if it needs one)

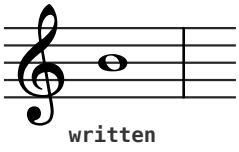

Write your answer on this stave:

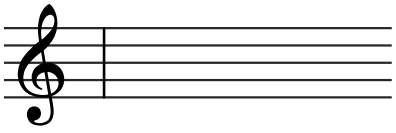

73. A piece is in G major (concert pitch). In which key is the clarinet in B♭ part written?

A. B♭ major B. A major C. F♯ major D. G major

74. This is written for horn in F. Write the note that actually sounds. (Treble clef, concert pitch · use an accidental if it needs one)

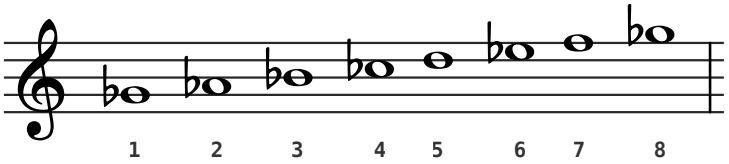

Write your answer on this stave:

Mark my answer

75. One note in this G♭ major scale is wrong. Which number is it? Aisha answered "5". Is that right?

A. No, it's 3 B. No, it's 2 C. Yes, that's right D. No, it's 7

76. Which term means "gradually getting faster"? Hana answered "accelerando (accel.)". Is that right?

Find the term

A. No, it's fortissimo (ff) B. Yes, that's right C. No, it's arco D. No, it's tenuto

77. A piece is in C major (concert pitch). In which key is the clarinet in A part written? Ben answered "C major". Is that right?

A. No, it's F major B. No, it's B major C. No, it's E♭ major D. Yes, that's right

78. Which term means "gradually getting quieter"? Zoe answered "tenuto". Is that right?

Find the term

A. Yes, that's right B. No, it's lebhaft C. No, it's fine D. No, it's diminuendo (dim.)

79. Which term means "playfully, jokingly"? Ravi answered "staccato". Is that right?

Find the term

A. No, it's scherzando B. Yes, that's right C. No, it's fortepiano (fp) D. No, it's ad libitum (ad lib.)

80. Which note sounds the same as B♭? Sam answered "B♯". Is that right?

A. No, it's A♯ B. No, it's A𝄪 C. No, it's A D. Yes, that's right

81. Which scale is this? Ravi answered "C♯ melodic minor". Is that right?

A. No, it's G♯ harmonic minor B. No, it's C♯ harmonic minor C. No, it's C♯ major D. Yes, that's right

82. One note in this F♯ harmonic minor scale is wrong. Which number is it? Sam answered "3". Is that right?

A. No, it's 6 B. No, it's 2 C. No, it's 7 D. Yes, that's right

ANSWERS (FOR MUM)

Rhythm and time signatures

1. **C: 12/16**. Compound time: each dotted beat splits into 3, so the top number is the beats × 3 (12) and the bottom number names the small note (16).
2. **A: 9/16**. 3 beats, each split into 3: that's compound time with 3 dotted quaver beats, 9/16.
3. **D: 2**. A tie joins the two notes into one sound: 1 + 1 = 2 beats.
4. **D: 3/8**. 9/16 has 3 dotted beats. Split in 2 instead of 3, they're plain quaver beats: 3/8.
5. **C: 3**. A tie joins the two notes into one sound: 2 + 1 = 3 beats.
6. **A: Bar 1**. Each bar of 3/4 should hold 3 crotchet beats. Bar 1 has one beat too many.
7. **C: irregular**. 5 doesn't split into equal groups of 2 or 3, so 5/4 is irregular. Group it as 2+3 or 3+2.
8. **B: semiquaver rest**. A bar of 4/4 holds 4 crotchet beats. The notes leave a gap of one semiquaver, so a semiquaver rest finishes it.
9. **B: 2 dotted quavers**. 6/16 is compound: 6 semiquavers grouped in threes make 2 dotted quavers.
10. **C: Bar 3**. Each bar of 4/4 should hold 4 crotchet beats. Bar 3 has one beat too many.
11. **B: grouped correctly**. 9/8 has dotted-crotchet beats, so the quavers go in groups of three. Pairs of quavers make it look like simple time.
12. **C: compound quadruple**. The top number divides by 3, so it's compound: 12 ÷ 3 = 4 beats, which is quadruple.

Pitch and clefs

13. **B: treble clef note F4**. It's F, at exactly the same pitch. Watch out for the one an octave away: same letter, wrong place.
14. **C, D, E, F (treble clef)**. Notes 5 to 8 of F major are C, D, E, F.
15. **D♯**. D♯. Landmark: C, two ledger lines above. This note is 1 step above it: C, D. The sharp makes it D♯.
16. **E♭, G, F, A (treble clef)**. The clarinet in B♭ sounds a major 2nd lower: F, A, G, B sounds as E♭, G, F, A.
17. **C**. C. It's the landmark middle C: on its own little line above the stave.
18. **B, C♯, D♯, E (tenor clef)**. Notes 5 to 8 of E major are B, C♯, D♯, E.
19. **C: It is middle C**. In the alto clef, middle C is on the middle line. This note is C, exactly middle C.
20. **F (tenor clef, 4 steps below middle C)**. It's F, 4 steps below middle C. In tenor clef middle C is the 4th line, so count from there.
21. **D: treble clef note C4**. It's C (middle C), at exactly the same pitch. Watch out for the one an octave away: same letter, wrong place.
22. **F (alto clef, 4 steps below middle C)**. It's F, 4 steps below middle C. In alto clef middle C is the middle line, so count from there.

Keys and scales

23. **A: 5 sharps**. B major has 5 sharps.
24. **C: D harmonic minor**. It starts and ends on D. Only the 7th is raised, so it's harmonic minor.
25. **1**. E minor has 1 sharp: F♯.
26. **D: G melodic minor**. It starts and ends on G. The 6th and 7th are raised going up, so it's melodic minor.
27. **1**. G major has 1 sharp: F♯.

28. **B: only semitones**. A chromatic scale moves only in semitones, so every note is the very next key on the piano.
29. **D: E♭ major and C minor**. A major key and its relative minor share a key signature. The relative minor starts on degree 6 of the major scale (3 semitones below the tonic): E♭ major → C minor.
30. **7**. Count up from B: B, C♯, D♯, E, F♯, G♯, A♯. So A♯ is degree 7, the leading note.
31. **A: E♭ major**. The second-to-last flat is E♭, so E♭ major.
32. **4**. Count up from A: A, B, C♯, D. So D is degree 4, the subdominant.
33. **3**. F♯ minor has 3 sharps: F♯, C♯, G♯.
34. **6**. Note 6 should be B, not B♯. Major scales go tone, tone, semitone, tone, tone, tone, semitone.

Intervals

35. **A: perfect 15th**. Count the letters B C D E F G A B …: that's a 15th. 24 semitones, so it's a perfect 15th. It's an octave plus an octave, so it's also a compound perfect octave.
36. **D: D♭**. Count 4 letters up from A to get D. A diminished 4th is 4 semitones, so it's D♭.
37. **A: 8**. An augmented 5th is 8 semitones: for example C up to G♯. Augmented is one semitone more than perfect.
38. **B: perfect octave**. Count the letters G A B C D E F G: that's an octave. 12 semitones, so it's a perfect octave.
39. **D: B♯**. Count 2 letters up from A♯ to get B. A major 2nd is 2 semitones, so it's B♯.
40. **C: augmented 11th**. Count the letters B C D E F G A B …: that's an 11th. 18 semitones, so it's an augmented 11th. It's an octave plus a 4th, so it's also a compound augmented 4th.
41. **C: perfect 4th**. Count the letters C D E F: that's a 4th. 5 semitones, so it's a perfect 4th.
42. **D: diminished 4th**. Count the letters C D E F: that's a 4th. 4 semitones, so it's a diminished 4th.
43. **B: minor 2nd**. Count the letters F G: that's a 2nd. 1 semitones, so it's a minor 2nd.
44. **C: D♭**. Count 6 letters up from F♭ to get D. A major 6th is 9 semitones, so it's D♭.

Chords and cadences

45. **B: imperfect**. The chords are I (C–E–G) then V (G–B–D). Ending on V is imperfect.
46. **B: II**. D is degree 2 of C major, so the chord built on it is chord II.
47. **C: G♭ major**. The bottom note is the tonic, G♭. With this key signature, that makes it the tonic triad of G♭ major.
48. **B: G♯–B–D♯**. Notes 1, 3 and 5 of G♯ minor: G♯–B–D♯.
49. **A: IIb**. Put the notes in 3rds: D♯–F♯–A. The root is D♯, degree 2, so it's chord II. The lowest note, in the bass stave, is F♯: the 3rd, so b.
50. **B: F♯**. II = D♯–F♯–A. "b" means first inversion, so the 3rd is in the bass: F♯.
51. **A: I**. Chord X has the notes C–E–G (the bass is C), so it's chord I.
52. **A: V**. Chord X has the notes C–E–G (the bass is C), so it's chord V.
53. **A: II**. Chord X has the notes E–G–B (the bass is E), so it's chord II.
54. **C: IV–I**. The first note, E, is in chord IV (C–E–G). The second, G, is in chord I (G–B–D). IV–I makes a plagal cadence.

Terms, signs and instruments

55. **C: dying away to nothing**. a niente is Italian for "dying away to nothing".

56. **A: hold the note longer than written**. That's a pause: hold the note longer than written.
57. **B: strings**. The double bass is in the strings family.
58. **B: lent**. lent is French for "slow".
59. **D: upper mordent**. That sign is a upper mordent.
60. **D: trombone**. The trombone changes notes by moving its slide.
61. **A: agitato**. agitato is Italian for "restless, worried".
62. **C: the note, the note above, the note again, quickly**. That's an upper mordent: the note, the note above, the note again, quickly.
63. **C: a reed**. The flute has no reed: you blow across the hole.
64. **D: passionately**. appassionato is Italian for "passionately".
65. **B: turn**. That sign is a turn.
66. **A: buzzing lips**. The trombone makes its sound with buzzing lips.

Transposing

67. **D (treble clef, 1 step above middle C)**. The clarinet in A sounds a minor 3rd lower than written: F sounds as D.
68. **A (treble clef, 2 steps below middle C)**. The horn in F sounds a perfect 5th lower than written: E sounds as A.
69. **C: B♭ major**. The clarinet in B♭ sounds a major 2nd lower than written. A major 2nd below C is B♭, so it sounds in B♭ major (2 flats).
70. **C (treble clef, 7 steps above middle C)**. The clarinet in A sounds a minor 3rd lower than it reads, so write it a minor 3rd higher: A goes up to C.
71. **G (treble clef, 4 steps above middle C)**. The clarinet in B♭ sounds a major 2nd lower than it reads, so write it a major 2nd higher: F goes up to G.
72. **D (treble clef, 1 step above middle C)**. The horn in F sounds a perfect 5th lower than written: A sounds as D.
73. **B: A major**. The clarinet in B♭ sounds lower than written, so its part is written a major 2nd higher: G major becomes A major (3 sharps).
74. **E (treble clef, 2 steps above middle C)**. The horn in F sounds a perfect 5th lower than written: B sounds as E.

Mark my answer

75. **C: Yes, that's right**. Yes. Note 5 should be D♭, not D. Major scales go tone, tone, semitone, tone, tone, tone, semitone.
76. **B: Yes, that's right**. Yes. accelerando (accel.) is Italian for "gradually getting faster".
77. **C: No, it's E♭ major**. No: the answer is E♭ major. The clarinet in A sounds lower than written, so its part is written a minor 3rd higher: C major becomes E♭ major (3 flats).
78. **D: No, it's diminuendo (dim.)**. No: the answer is diminuendo (dim.). diminuendo (dim.) is Italian for "gradually getting quieter".
79. **A: No, it's scherzando**. No: the answer is scherzando. scherzando is Italian for "playfully, jokingly".
80. **A: No, it's A♯**. No: the answer is A♯. B♭ and A♯ are enharmonic equivalents: the same key on the piano, written with a different letter name.
81. **B: No, it's C♯ harmonic minor**. No: the answer is C♯ harmonic minor. It starts and ends on C♯. Only the 7th is raised, so it's harmonic minor.
82. **D: Yes, that's right**. Yes. Note 3 should be A, not A♯. Harmonic minor raises the 7th.
