MARKING KEY (FOR MUM)

1. S1 · 3m **B: 8**. A semibreve lasts 4 crotchet beats. A quaver lasts ½. 4 ÷ ½ = 8.
2. S1 · 3m **B: 3/2**. The notes add up to 3 minim beats, so 3/2 fits.
3. S1 · 3m **D: 6**. A dotted semibreve lasts 6 crotchet beats. A crotchet lasts 1. 6 ÷ 1 = 6.
4. S1 · 3m **D: crotchet rest**. A bar of 2/2 holds 2 minim beats. The notes leave a gap of one crotchet, so a crotchet rest finishes it.
5. S1 · 3m **D: dotted crotchet rest**. A bar of 6/8 holds 2 dotted crotchet beats. The notes leave a gap of one dotted crotchet, so a dotted crotchet rest finishes it.
6. S2 · 3m **G♯**. G♯. Landmark: F, the line between the bass clef's two dots. This note is 1 step above it: F, G. The sharp makes it G♯.
7. S2 · 3m **E**. E can go in more than one octave; any E was fine.
8. S2 · 3m **A: B**. The flat on note 2 only lasts until the bar line. Note 5 is in a new bar, so it's back to plain B.
9. S2 · 3m **A, C, B (bass clef)**. The notes are A, C, B, each moved down an octave.
10. S2 · 3m **A: treble clef note A4**. Same letter, A, but 7 steps higher. The trap is the one at the same pitch.
11. S3 · 2m **C: E major**. The last sharp is D♯. One step up from it is E, so E major.
12. S3 · 2m **A: Tone**. C♭ to D♭ is 2 semitones, so it's a tone.
13. S3 · 2m **A: A major**. The last sharp is G♯. One step up from it is A, so A major.
14. S3 · 2m **D: G harmonic minor**. It starts and ends on G. Only the 7th is raised, so it's harmonic minor.
15. S3 · 2m **B: B♭ major**. The second-to-last flat is B♭, so B♭ major.
16. S4 · 2m **C: major 7th**. Count the letters F G A B C D E: that's a 7th. 11 semitones, so it's a major 7th.
17. S4 · 2m **B: B♭**. Count 2 letters up from A♭ to get B. A major 2nd is 2 semitones, so it's B♭.
18. S4 · 2m **C: G**. Count 3 letters up from E to get G. A minor 3rd is 3 semitones, so it's G.
19. S4 · 2m **A: minor 6th**. Count the letters C D E F G A: that's a 6th. 8 semitones, so it's a minor 6th.
20. S4 · 2m **A: A**. Count 8 letters up from A to get A. A perfect octave is 12 semitones, so it's A.
21. S5 · 2m **C: D minor**. Count up to note 6 of F major: D. Both keys share the same key signature.
22. S5 · 2m **A: E minor**. Count up to note 6 of G major: E. Both keys share the same key signature.
23. S5 · 2m **B: B♭ major**. The bottom note is the tonic, B♭. With this key signature, that makes it the tonic triad of B♭ major.
24. S5 · 2m **A: F–A♭–C**. Notes 1, 3 and 5 of F minor: F–A♭–C.
25. S5 · 2m **C: F minor**. Count up to note 6 of A♭ major: F. Both keys share the same key signature.
26. S6 · 1m **A: tenuto**. tenuto is Italian for "held".
27. S6 · 1m **A: held**. tenuto is Italian for "held".
28. S6 · 1m **B: f**. f means loud and pp means very quiet, so f is louder.
29. S6 · 1m **C: always**. sempre is Italian for "always".
30. S6 · 1m **B: segno (the sign)**. Segno (the sign) means the place D.S. sends you back to.
31. S7 · 2m **A: E minor**. The key signature has 1 sharp, the raised 7th (D♯) shows it's minor, and the melody ends on E: E minor.
32. S7 · 2m **C: 2 crotchets**. 2/4 has 2 crotchet beats in each bar.

33. S7 · 2m **C: minor 2nd**. The notes are F♯ and G: a minor 2nd.
34. S7 · 2m **C: E**. The highest note is E, in bar 4.
35. S7 · 2m **B: at a walking pace**. Andante means at a walking pace.

MARKING KEY (FOR MUM)

1. S1 · 3m **C: 6**. A dotted quaver lasts ¾ crotchet beats. A demisemiquaver lasts ⅛. ¾ ÷ ⅛ = 6.
2. S1 · 3m **A: After note 2**. A bar of 2/4 holds 2 crotchet beats. Notes 1 to 2 fill it exactly, so the bar line goes after note 2.
3. S1 · 3m **B: 2**. Three quavers in a triplet take the time of two.
4. S1 · 3m **C: After note 2**. A bar of 6/8 holds two dotted-crotchet beats (6 quavers). Notes 1 to 2 fill it exactly, so the bar line goes after note 2.
5. S1 · 3m **B: grouped correctly**. 3/4 has three crotchet beats, so the quavers go in pairs, one pair per beat. Groups of three make it look like 6/8.
6. S2 · 3m **G♯**. G♯. Landmark: middle C, on its own little line above the stave. This note is 4 steps above it: C, D, E, F, G. The sharp makes it G♯.
7. S2 · 3m **E (bass clef, 5 steps below middle C)**. Note 5 of A major is E.
8. S2 · 3m **C**. C. It's the landmark C: two ledger lines above.
9. S2 · 3m **C (bass clef, 14 steps below middle C)**. Same letter, 7 steps down: C.
10. S2 · 3m **B: Below middle C**. In the bass clef, middle C is on the first ledger line above the stave. This note is B, 8 steps below it.
11. S3 · 2m **B: A minor**. No sharps or flats. Its relative minor, on degree 6, is A minor.
12. S3 · 2m **7**. Note 7 should be A♯, not A. Melodic minor raises the 6th and 7th going up.
13. S3 · 2m **B: E♭ major**. The second-to-last flat is E♭, so E♭ major.
14. S3 · 2m **B: A major**. It starts and ends on A. It follows tone, tone, semitone, tone, tone, tone, semitone, so it's major.
15. S3 · 2m **C: B♭ E♭ A♭ D♭**. A♭ major: B♭ E♭ A♭ D♭. Flats always come in the order B♭ E♭ A♭ D♭ G♭ C♭ F♭.
16. S4 · 2m **A: 3**. A minor 3rd is 3 semitones: for example C up to E♭. Minor is one semitone less than major.
17. S4 · 2m **D: major 7th**. Count the letters C D E F G A B: that's a 7th. 11 semitones, so it's a major 7th.
18. S4 · 2m **A: perfect 4th**. Count the letters D E F G: that's a 4th. 5 semitones, so it's a perfect 4th.
19. S4 · 2m **B: perfect octave**. Count the letters E F G A B C D E: that's an octave. 12 semitones, so it's a perfect octave.
20. S4 · 2m **A: D♭**. Count 6 letters up from F♭ to get D. A major 6th is 9 semitones, so it's D♭.
21. S5 · 2m **D: A major**. The bottom note is the tonic, A. With this key signature, that makes it the tonic triad of A major.
22. S5 · 2m **D: B minor**. Count up to note 6 of D major: B. Both keys share the same key signature.
23. S5 · 2m **A: A–C–E**. Notes 1, 3 and 5 of A minor: A–C–E.

26. S6 · 1m **D: l'istesso tempo**. l'istesso tempo is Italian for "at the same speed".
27. S6 · 1m **A: energico**. energico is Italian for "with energy".
28. S6 · 1m **D: gradually getting quieter**. That's a diminuendo (hairpin): gradually getting quieter.

30. S6 · 1m **D: 7**. Play bars 1 to 4, go back to bar 2 and play to 4 again (3 more bars), and that's the end: 4 + 3 = 7.
31. S7 · 2m **D: F♯ minor**. The key signature has 3 sharps, the raised 7th (E♯) shows it's minor, and the melody ends on F♯: F♯ minor.
32. S7 · 2m **C: 2 crotchets**. 2/4 has 2 crotchet beats in each bar.
33. S7 · 2m **C: fast, lively**. Allegro means fast, lively.
34. S7 · 2m **C: F♯**. The highest note is F♯, in bar 1.
35. S7 · 2m **C: fast, lively**. Allegro means fast, lively.

11. S3 · 2m **A: A major**. The last sharp is G♯. One step up from it is A, so A major.
12. S3 · 2m **A: E♭**. D♯ and E♭ are enharmonic equivalents: the same key on the piano, written with a different letter name.
13. S3 · 2m **A: B minor**. The last sharp is C♯. One step up from it is D, so D major. Its relative minor, on degree 6, is B minor.
14. S3 · 2m **5**. Note 5 should be A♭, not A. Major scales go tone, tone, semitone, tone, tone, tone, semitone.
15. S3 · 2m **A: E major**. The last sharp is D♯. One step up from it is E, so E major.
16. S4 · 2m **C: perfect octave**. Count the letters G A B C D E F G: that's an octave. 12 semitones, so it's a perfect octave.
17. S4 · 2m **B: F♯**. Count 4 letters up from C to get F. An augmented 4th is 6 semitones, so it's F♯.
18. S4 · 2m **C: C♯**. Count 3 letters up from A♯ to get C. A minor 3rd is 3 semitones, so it's C♯.
19. S4 · 2m **B: C♭**. Count 5 letters up from F♭ to get C. A perfect 5th is 7 semitones, so it's C♭.

22. S5 · 2m **A: E♭ major**. The bottom note is the tonic, E♭. With this key signature, that makes it the tonic triad of E♭ major.
23. S5 · 2m **A: A**. The dominant is degree 5: A.
24. S5 · 2m **D: D minor**. The bottom note is the tonic, D. With this key signature, that makes it the tonic triad of D minor.
25. S5 · 2m **B: IV**. The notes are G♭–B♭–D♭, built on degree 4, so it's IV.
26. S6 · 1m **A: in the same way**. simile is Italian for "in the same way".
27. S6 · 1m **A: rubato**. rubato is Italian for "with some freedom of time".

31. S7 · 2m **C: major 2nd**. The notes are B♭ and C: a major 2nd.
32. S7 · 2m **B: G♭**. The highest note is G♭, in bar 1.
33. S7 · 2m **B: trill**. The sign above the note in bar 5 is a trill.

MARKING KEY (FOR MUM)

1. S1 · 3m **A: simple quadruple**. Each beat splits in two, so it's simple, with 4 beats: quadruple.
2. S1 · 3m **C: 2/4**. 6/8 has 2 dotted beats. Split in 2 instead of 3, they're plain crotchet beats: 2/4.
3. S1 · 3m **C: 9/4**. Compound time: each dotted beat splits into 3, so the top number is the beats × 3 (9) and the bottom number names the small note (4).
4. S1 · 3m **A: quaver rest**. A bar of 9/8 holds 3 dotted crotchet beats. The notes leave a gap of one quaver, so a quaver rest finishes it.
5. S1 · 3m **D: semiquaver rest**. A bar of 4/4 holds 4 crotchet beats. The notes leave a gap of one semiquaver, so a semiquaver rest finishes it.
6. S2 · 3m **D**. D. Landmark: middle C, on its own little line below the stave. This note is 1 step above it: C, D.
7. S2 · 3m **F**. The tonic of F major is F.
8. S2 · 3m **D**. D. Landmark: B, one ledger line above. This note is 2 steps above it: B, C, D.
9. S2 · 3m **B, C♯, D♯, E (treble clef)**. Notes 5 to 8 of E melodic minor are B, C♯, D♯, E.
10. S2 · 3m **B: bass clef note D4**. It's D, at exactly the same pitch. Watch out for the one an octave away: same letter, wrong place.
11. S3 · 2m **D: 4 sharps**. E major has 4 sharps.
12. S3 · 2m **2**. Note 2 should be E, not E♭. Harmonic minor raises the 7th.
13. S3 · 2m **D: B♭**. F major: B♭. Flats always come in the order B♭ E♭ A♭ D♭ G♭ C♭ F♭.
14. S3 · 2m **C: B♭ melodic minor**. It starts and ends on B♭. The 6th and 7th are raised going up, so it's melodic minor.
15. S3 · 2m **D: C minor**. The second-to-last flat is E♭, so E♭ major. Its relative minor, on degree 6, is C minor.
16. S4 · 2m **D: G**. Count 4 letters up from D to get G. A perfect 4th is 5 semitones, so it's G.
17. S4 · 2m **B: F♯**. Count 7 letters up from G to get F. A major 7th is 11 semitones, so it's F♯.
18. S4 · 2m **C: A**. Count 4 letters up from E to get A. A perfect 4th is 5 semitones, so it's A.
19. S4 · 2m **A: augmented 7th**. Count the letters C D E F G A B: that's a 7th. 12 semitones, so it's an augmented 7th.
20. S4 · 2m **C: perfect 4th**. Count the letters A B C D: that's a 4th. 5 semitones, so it's a perfect 4th.
21. S5 · 2m **C: A♭ major**. The relative major starts on note 3 of the minor scale: A♭ major.
22. S5 · 2m **A: B♭–D♭–F**. Chord I is built on degree 1, the tonic: B♭–D♭–F.
23. S5 · 2m **D: E minor**. The bottom note is the tonic, E. With this key signature, that makes it the tonic triad of E minor.
24. S5 · 2m **D: C**. The subdominant is degree 4. In G major that's C.
25. S5 · 2m **C: E♭ major**. The bottom note is the tonic, E♭. With this key signature, that makes it the tonic triad of E♭ major.
26. S6 · 1m **B: rhythmically**. ritmico is Italian for "rhythmically".
27. S6 · 1m **D: vivo**. vivo is Italian for "lively, quick".

32. S7 · 2m **D: G♯**. The highest note is G♯, in bar 4.

MARKING KEY (FOR MUM)

1. S1 · 3m **A: 4**. A tie joins the two notes into one sound: 3 + 1 = 4 beats.
2. S1 · 3m **B: minim rest**. A bar of 2/2 holds 2 minim beats. The notes leave a gap of one minim, so a minim rest finishes it.
3. S1 · 3m **C: 5/4**. 5/4 can't be split into equal groups of 2 or 3, so it's irregular.
4. S1 · 3m **A: quaver rest**. A bar of 3/4 holds 3 crotchet beats. The notes leave a gap of one quaver, so a quaver rest finishes it.
5. S1 · 3m **B: semiquaver rest**. A bar of 2/4 holds 2 crotchet beats. The notes leave a gap of one semiquaver, so a semiquaver rest finishes it.
6. S2 · 3m **A♭**. A♭. Landmark: G, one ledger line above. This note is 1 step above it: G, A. The flat makes it A♭.
7. S2 · 3m **A (treble clef, 12 steps above middle C)**. Count 8 letter names up from A, counting both notes: A B C D E F G A. The answer is A.

MARKING KEY (FOR MUM)

1. S1 · 3m **B: irregular**. 7 doesn't split into equal groups of 2 or 3, so 7/8 is irregular. Group it as 2+2+3, 2+3+2 or 3+2+2.
2. S1 · 3m **C: semiquaver rest**. A bar of 4/4 holds 4 crotchet beats. The notes leave a gap of one semiquaver, so a semiquaver rest finishes it.
3. S1 · 3m **B: compound duple**. The top number divides by 3, so it's compound: 6 ÷ 3 = 2 beats, which is duple.
4. S1 · 3m **A: grouped correctly**. 3/4 has three crotchet beats, so the quavers go in pairs, one pair per beat. Groups of three make it look like 6/8.
5. S1 · 3m **C: minim rest**. A bar of 3/2 holds 3 minim beats. The notes leave a gap of one minim, so a minim rest finishes it.
6. S2 · 3m **B: F♯**. The sharp on note 1 lasts for the rest of the bar, so note 3 is F♯ too.
7. S2 · 3m **C♭ (tenor clef, middle C)**. It's C♭, 0 step below middle C. In tenor clef middle C is the 4th line, so count from there.
8. S2 · 3m **D: treble clef note E4**. It's E, at exactly the same pitch. Watch out for the one an octave away: same letter, wrong place.
9. S2 · 3m **F (alto clef, 3 steps above middle C)**. Count 7 letter names up from G: the answer is F.
10. S2 · 3m **G (treble clef, 4 steps above middle C)**. The horn in F sounds a perfect 5th lower than written: D sounds as G.
11. S3 · 2m **C: A major**. The last sharp is G♯. One step up from it is A, so A major.
12. S3 · 2m **D: A harmonic minor**. It starts and ends on A. Only the 7th is raised, so it's harmonic minor.
13. S3 · 2m **3**. C minor has 3 flats: B♭, E♭, A♭.
14. S3 · 2m **6**. Note 6 should be D, not D♯. Major scales go tone, tone, semitone, tone, tone, tone, semitone.
15. S3 · 2m **B: 1 sharps**. G major has 1 sharp.
16. S4 · 2m **A: augmented 3rd**. Count the letters F G A: that's a 3rd. 5 semitones, so it's an augmented 3rd.
17. S4 · 2m **C: G**. Count 5 letters up from C to get G. A perfect 5th is 7 semitones, so it's G.
18. S4 · 2m **A: A♯**. Count 2 letters up from G to get A. An augmented 2nd is 3 semitones, so it's A♯.
19. S4 · 2m **C: augmented 4th**. Count the letters A B C D: that's a 4th. 6 semitones, so it's an augmented 4th.
20. S4 · 2m **B: F♭**. Count 8 letters up from F♭ to get F. A perfect octave is 12 semitones, so it's F♭.
21. S5 · 2m **C: F**. IV = F–A–C. "a" means root position, so the root is in the bass: F.
22. S5 · 2m **C: IV–I**. The first note, C, is in chord IV (F–A–C). The second, C, is in chord I (C–E–G). IV–I makes a plagal cadence.
23. S5 · 2m **C: imperfect**. The last two chords are II (E–G–B) and V (A–C♯–E). Ending on V is imperfect.
24. S5 · 2m **C: G♭ major**. The bottom note is the tonic, G♭. With this key signature, that makes it the tonic triad of G♭ major.
25. S5 · 2m **B: V–I**. The first note, F♯, is in chord V (D–F♯–A). The second, G, is in chord I (G–B–D). V–I makes a perfect cadence.
26. S6 · 1m **C: go straight on to the next section**. attacca is Italian for "go straight on to the next section".
27. S6 · 1m **C: sweet**. douce is French for "sweet".
28. S6 · 1m **B: acciaccatura**. An acciaccatura is a 'crushed' note: tiny, with a slash, played as fast as possible.

29. S6 · 1m **A: woodwind**. The bassoon is in the woodwind family.
30. S6 · 1m **A: upper mordent sign**. The main note, the note above, then back to the main note: an upper mordent.
31. S7 · 2m **A: minor 2nd**. The notes are E♭ and D: a minor 2nd.
32. S7 · 2m **B: leading note**. The note marked x is D. Counting up from E♭, that's degree 7, the leading note.
33. S7 · 2m **A: lower mordent**. The sign above the note in bar 5 is a lower mordent.
34. S7 · 2m **D: at a moderate speed**. Modéré means at a moderate speed.
35. S7 · 2m **A: quiet**. p means quiet.

MARKING KEY (FOR MUM)

1. S1 · 3m **C: 2+2+3, 2+3+2 or 3+2+2**. 7/8 is irregular: the 7 quavers are grouped in 2s and 3s: 2+2+3, 2+3+2 or 3+2+2.
2. S1 · 3m **B: grouped correctly**. 9/8 has dotted-crotchet beats, so the quavers go in groups of three. Pairs of quavers make it look like simple time.
3. S1 · 3m **B: 4**. A crotchet lasts 1 crotchet beat. A semiquaver lasts ¼. 1 ÷ ¼ = 4.
4. S1 · 3m **C: 3/8**. The notes add up to 3 quavers, so 3/8 fits.
5. S1 · 3m **A: crotchet rest**. A bar of 3/4 holds 3 crotchet beats. The notes leave a gap of one crotchet, so a crotchet rest finishes it.
6. S2 · 3m **E**. E. It's the landmark E: the bottom line.
7. S2 · 3m **C**. The tonic of C major is C.
8. S2 · 3m **B: bass clef note D4**. It's D, at exactly the same pitch. Watch out for the one an octave away: same letter, wrong place.
9. S2 · 3m **A (treble clef, 5 steps above middle C)**. Note 4 of E harmonic minor is A.
10. S2 · 3m **D: D major**. The trumpet in B♭ sounds a major 2nd lower than written. A major 2nd below E is D, so it sounds in D major (2 sharps).
11. S3 · 2m **C: B♭ major**. The second-to-last flat is B♭, so B♭ major.
12. S3 · 2m **6**. Note 6 should be C♭, not C. Harmonic minor raises the 7th.
13. S3 · 2m **A: 4 flats**. A♭ major has 4 flats.
14. S3 · 2m **7**. Count up from B: B, C♯, D♯, E, F♯, G♯, A♯. So A♯ is degree 7, the leading note.
15. S3 · 2m **D: 6 flats**. G♭ major has 6 flats.
16. S4 · 2m **C: diminished 6th**. Count the letters A B C D E F: that's a 6th. 7 semitones, so it's a diminished 6th.
17. S4 · 2m **D: G♯**. Count 3 letters up from E to get G. A major 3rd is 4 semitones, so it's G♯.
18. S4 · 2m **B: perfect octave**. Count the letters E F G A B C D E: that's an octave. 12 semitones, so it's a perfect octave.
19. S4 · 2m **D: A♭**. Count 5 letters up from D to get A. A diminished 5th is 6 semitones, so it's A♭.
20. S4 · 2m **D: minor 6th**. Count the letters E F G A B C: that's a 6th. 8 semitones, so it's a minor 6th.
21. S5 · 2m **B: imperfect**. The last two chords are I (D–F♯–A) and V (A–C♯–E). Ending on V is imperfect.
22. S5 · 2m **C: C major**. The relative major starts on note 3 of the minor scale: C major.
23. S5 · 2m **B: perfect**. V–I is a perfect cadence: a strong, finished ending.
24. S5 · 2m **B: B♭**. The dominant is degree 5: B♭.
25. S5 · 2m **B: imperfect**. The last two chords are I (D–F♯–A) and V (A–C♯–E). Ending on V is imperfect.
26. S6 · 1m **A: dolce**. dolce is Italian for "sweetly".
27. S6 · 1m **D: in a singing style**. cantabile is Italian for "in a singing style".
28. S6 · 1m **B: pianissimo: very quiet**. It means pianissimo: very quiet.

MARKING KEY (FOR MUM)

1. S1 · 3m **B: 2+3 or 3+2**. 5/4 is irregular: the 5 crotchets are grouped in 2s and 3s: 2+3 or 3+2.
2. S1 · 3m **D: semiquaver rest**. A bar of 3/4 holds 3 crotchet beats. The notes leave a gap of one semiquaver, so a semiquaver rest finishes it.
3. S1 · 3m **D: 2**. Three quavers in a triplet take the time of two.
4. S1 · 3m **A: 3/8**. The top number (how many beats) stays 3. Each crotchet becomes a quaver, so the bottom number changes from 4 to 8: 3/8.
5. S1 · 3m **A: grouped correctly**. 6/8 has dotted-crotchet beats, so the quavers go in groups of three. Pairs of quavers make it look like 3/4.
6. S2 · 3m **D♭**. D♭. Landmark: B, one ledger line above. This note is 2 steps above it: B, C, D. The flat makes it D♭.
7. S2 · 3m **A, C, B♭, D (treble clef)**. The clarinet in B♭ sounds a major 2nd lower: B, D, C, E sounds as A, C, B♭, D.
8. S2 · 3m **F♭**. F♭. Landmark: G, the bottom line. This note is 1 step below it: G, F. The flat makes it F♭.
9. S2 · 3m **E, G, F (bass clef)**. The notes are E, G, F, each moved down an octave.
10. S2 · 3m **C: F major**. The clarinet in A sounds lower than written, so its part is written a minor 3rd higher: D major becomes F major (1 flat).
11. S3 · 2m **D: B minor**. 2 sharps: F♯ C♯. The last sharp is C♯; one step up is D major, and its relative minor is B minor.
12. S3 · 2m **A: E**. F♭ and E are enharmonic equivalents: the same key on the piano, written with a different letter name.
13. S3 · 2m **B: D minor**. 1 flat: B♭. One flat is F major major, and its relative minor is D minor.
14. S3 · 2m **2**. Count up from A: A, B. So B is degree 2, the supertonic.
15. S3 · 2m **B: A minor**. No sharps or flats. Its relative minor, on degree 6, is A minor.
16. S4 · 2m **B: perfect 4th**. Count the letters D E F G: that's a 4th. 5 semitones, so it's a perfect 4th.
17. S4 · 2m **C: augmented 6th**. Count the letters F G A B C D: that's a 6th. 10 semitones, so it's an augmented 6th.
18. S4 · 2m **B: 12**. A perfect octave is 12 semitones: for example C up to C.
19. S4 · 2m **B: minor 7th**. Count the letters E F G A B C D: that's a 7th. 10 semitones, so it's a minor 7th.
20. S4 · 2m **C: perfect octave**. Count the letters G A B C D E F G: that's an octave. 12 semitones, so it's a perfect octave.
21. S5 · 2m **A: C–E♭–G**. Chord IV is built on degree 4, the subdominant: C–E♭–G.
22. S5 · 2m **B: Ib**. Put the notes in 3rds: D–F–A. The root is D, degree 1, so it's chord I. The lowest note, in the bass stave, is F: the 3rd, so b.

MARKING KEY (FOR MUM)

1. S1 · 3m **B: minim**. Two crotchets last 2 beats, the same as a minim.
2. S1 · 3m **B: 2/4**. The notes add up to 2 crotchet beats, so 2/4 fits.
3. S1 · 3m **C: 2**. A tie joins the two notes into one sound: 1 + 1 = 2 beats.
4. S1 · 3m **B: Bar 2**. Each bar of 2/4 should hold 2 crotchet beats. Bar 2 has one beat too many.
5. S1 · 3m **D: 4/2**. The notes add up to 4 minim beats, so 4/2 fits.
6. S2 · 3m **C: It is middle C**. In the alto clef, middle C is on the middle line. This note is C, exactly middle C.
7. S2 · 3m **A, C, B♭, D (treble clef)**. The clarinet in B♭ sounds a major 2nd lower: B, D, C, E sounds as A, C, B♭, D.
8. S2 · 3m **D♯**. D♯. Landmark: G, one ledger line above. This note is 4 steps above it: G, A, B, C, D. The sharp makes it D♯.
9. S2 · 3m **C (bass clef, 7 steps below middle C)**. Note 2 of B♭ harmonic minor is C.
10. S2 · 3m **G (treble clef, 4 steps above middle C)**. The horn in F sounds a perfect 5th lower than written: D sounds as G.
11. S3 · 2m **B: C♯ minor**. The last sharp is D♯. One step up from it is E, so E major. Its relative minor, on degree 6, is C♯ minor.
12. S3 · 2m **7**. Note 7 should be E♯, not E. Major scales go tone, tone, semitone, tone, tone, tone, semitone.
13. S3 · 2m **B: G♭ major and E♭ minor**. A major key and its relative minor share a key signature. The relative minor starts on degree 6 of the major scale (3 semitones below the tonic): G♭ major → E♭ minor.
14. S3 · 2m **B: only semitones**. A chromatic scale moves only in semitones, so every note is the very next key on the piano.
15. S3 · 2m **C: A♭ major**. The second-to-last flat is A♭, so A♭ major.
16. S4 · 2m **C: minor 14th**. Count the letters A B C D E F G A …: that's a 14th. 22 semitones, so it's a minor 14th. It's an octave plus a 7th, so it's also a compound minor 7th.
17. S4 · 2m **C: F♭**. Count 7 letters up from G to get F. A diminished 7th is 9 semitones, so it's F♭.
18. S4 · 2m **A: C♭**. Count 6 letters up from E to get C. A diminished 6th is 7 semitones, so it's C♭.
19. S4 · 2m **C: A♯**. Count 8 letters up from A to get A. An augmented octave is 13 semitones, so it's A♯.
20. S4 · 2m **A: augmented octave**. Count the letters A B C D E F G A: that's an octave. 13 semitones, so it's an augmented octave.
21. S5 · 2m **C: I**. Chord X has the notes F–A–C (the bass is F), so it's chord I.
22. S5 · 2m **C: perfect**. The last two chords are V (F–A–C) and I (B♭–D–F). V–I is perfect.
23. S5 · 2m **A: II**. B♭ is degree 2 of A♭ major, so the chord built on it is chord II.
24. S5 · 2m **D: IIa**. Put the notes in 3rds: F♯–A–C♯. The root is F♯, degree 2, so it's chord II. The lowest note, in the bass stave, is F♯: the root, so a.
25. S5 · 2m **A: V**. Chord X has the notes D–F♯–A (the bass is D), so it's chord V.
26. S6 · 1m **C: lebhaft**. lebhaft is German for "lively".
27. S6 · 1m **C: broadening, getting slower**. allargando is Italian for "broadening, getting slower".
28. S6 · 1m **A: play the note and the note above quickly, many times**. That's a trill: play the note and the note above quickly, many times.

29. S6 · 1m **D: bassoon**. These notes are well below middle C. The flute, violin, oboe and trumpet can't play that low. The bassoon can.
30. S6 · 1m **B: f**. mf means moderately loud and f means loud, so f is louder.
31. S7 · 2m **A: minor 2nd**. The notes are F and G♭: a minor 2nd.
32. S7 · 2m **A: tonic**. The note marked x is D♭. Counting up from D♭, that's degree 1, the tonic.
33. S7 · 2m **A: turn**. The sign above the note in bar 5 is a turn.
34. S7 · 2m **D: at a walking pace**. Andante means at a walking pace.
